

Dear Friend of North Sunflower Medical Foundation,

On behalf of the Board of Directors of the North Sunflower Medical Foundation, I want to take this opportunity to personally thank you for your consideration. We hope this packet will provide you with the information necessary to allow you to make the decision to help us make a difference in our community and hospital.

North Sunflower Medical Foundation was founded in July of 2007 with the vision of helping to promote health and wellness for the residents of Sunflower County and surrounding areas by assisting with the enhancement of quality healthcare, to provide grants for educational purposes to ensure the availability of healthcare professionals and to partner with local governmental agencies in matters related to healthcare.

The goal of the Memorial Garden is to enhance the property and to provide an opportunity for people in the community and you as friends to become involved in the exciting things happening at North Sunflower Medical Center Foundation and North Sunflower Medical Center. And, we recognize that there are many different levels of opportunities to fit everyone's level of commitment.

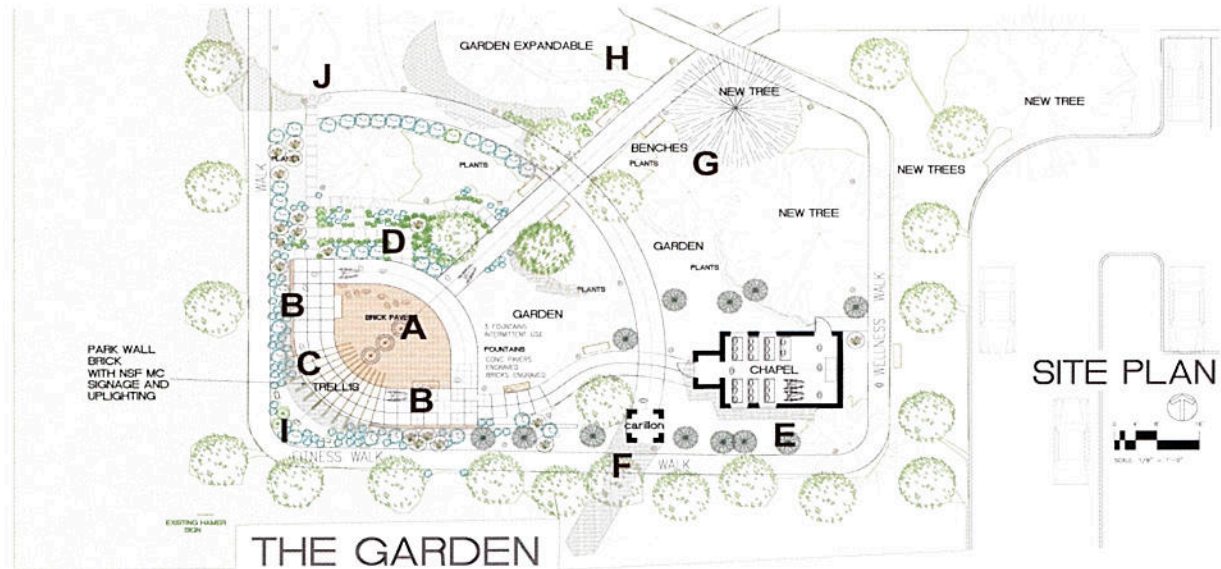

The Memorial Garden will not only stand as a beautiful reminder of just how far we have come and just how much we have grown as a facility, a community and a region. The Memorial Garden gives you the opportunity to recognize or memorialize a friend or loved one. It will also establish a place of peace and healing for those suffering through the grieving process.

We hope it will be important to you—important enough to support through one of the many opportunities explained in this packet. Thank you for taking time from your day to review the materials and hopefully help us make a difference.

Sincerely,

Billy Marlow
Executive Director
